

Dear Walking Fish Members,

It has been a busy week for the fishermen of Carteret County. Lots of variety this time of year! We will have pink snapper, tile fish and spanish mackerel!

Be sure to use the Member's Forum if you need to swap or trade shares. This space can also be used if you are unable to pick up your share on any given week. Also, be sure to check our Facebook page to find useful information and more recipes!

\*Note: In an effort to reduce the use of plastic bags, please remember to bring something to transport your seafood home!

WEEK 4: May 10th Delivery

WHERE: Sarah P. Duke Gardens (off of Anderson Street)

WHEN: Thursday, 4:00 – 6:00 pm

Share Description:

***EVERY WEEK MEMBERS – All Fish***

***GREEN WEEK MEMBERS – Fish and Littleneck Clams***

Pink Snapper and Tile Fish - The fish were caught by Captain Gilbert Mathis aboard the Atlantic Runner. He and his crew caught the fish using the hook and line method in the Atlantic Ocean.

Spanish Mackerel – Vince Emory caught the fish in the Pamlico Sound using a gill net and also off the Carteret County coastline using hook and line.

Littleneck Clams - The clams will be harvested in the Newport River by Paul Russell.
